

**THE ENERGIES of  
MAYAN ADVENTURE  
28th October – 25th November 2011  
Mexico, Honduras and Guatemala  
11/11/11  
PALENQUE**

This year I am offering an amazing tour of the Mayan Lands to utilize the special energies that will be available to us at this unique time in Earth's history.

On the 9th March 2011 we entered the 9th wave of the Mayan Calendar. This is a period of "Unity Consciousness" on Earth and ends on 28th October 2011.

We begin this tour on the 29th October in Guatemala City –the first day of our transition into a new state of consciousness- the new "Golden Age" of Earth.

It is the close of one cycle and the beginning of the next stage of our evolution. During this cycle we will be receiving massive waves of light and in fact we are receiving bursts of this light now.

As we tour the Mayan Lands we will have the opportunity to experience these energies at many places of ancient and sacred power including – Tikal, Copan, Yaxchilan, Palenque, Uxmal, Chichen Itza, Ek Balam and Teotihuacan.

The sites we visit are not only beautiful but encoded with information accessible through ceremony and meditation to those who are drawn to these places. Each place has a unique and powerful energy that will amplify and accelerate your growth through this special time.

We will be in Palenque for a special ceremony with a Mayan Priest and his Crystal Skull on 11/11/11.

The energies of this day are profound. We are given the opportunity to receive a huge influx of illumination through the doorway of divine will. Here we have a chance to experience who we truly are – Divine Beings of Source, connected to all that is as we step onto the pathway of Oneness. On this day we align with the new way of being in the energies of the new paradigm- love and joy.

**Annie's affirmation for 11/11/11**

"I understand that I am far more than my physical body.

I am a being of light and I connect to that light.

I connect to the Earth, the Heart of the Earth, the Sun,  
the Central Sun, the Great Central Sun and to Source.

I vibrate with the light of Source

I am a being of that light.

I am a part of All That Is

**I AM THAT I AM"**
